The following messages from the Governor were received, and, on motion of Senator Leavitt, were read and ordered printed in the Journal:

GOVERNOR'S MESSAGE.

EXECUTIVE DEPARTMENT. STATE OF CALIFORNIA,
SACRAMENTO, November 19, 1907.

To the Senate and Assembly of the State of California, convened in Special Session :

At the most urgent request of clearing houses, banking institutions, civic bodies, and many prominent business men from all parts of the State, I have called you together for the purpose of enacting certain legislation which is believed to be imperative because of the most unusual financial stringency existing to-day in the State, brought about by conditions existing in the East.

The specific purposes for which you have been called together appear in a proclamation issued by me on Friday, the 15th instant, copies of which will be placed before you.

Several of these purposes I desire herein to call to your special attention, and I ask your careful consideration of them.

It is very important that the finances of this State should reach a normal condition as speedily as possible, and there is every reason to believe that this will be so, if our people are patient and will view the situation philosophically and take no steps to embarrass the banking institutions of this State, that are now using every effort possible to restore confidence and to replace the reserves that for several months have been depleted by reason of the movement of crops and by the action of timid depositors who have withdrawn their money and hoarded it.

The country generally is very prosperous, our State is particularly so, and there is no reason why this prosperity should not continue. Legitimate business never was better. The farmers in every state have been blessed with large crops for a number of years, for which they have received good prices. All the wheels of industry are turning, trying to supply the enormous demands made upon them. All labor is employed at the highest wages ever known and the merchants have been enjoying a large trade. There is no poverty in the land, yet in the midst of plenty, and apparently on a most solid basis, and with more money in the country and a larger per capita than we ever enjoyed before, the nation finds itself in the throes of a money panic.

It is quite evident that there must be some cause for this condition of affairs, and it is found in the extravagant living, wild speculation, the effort to get rich quickly by giving nothing for something, the frenzied finance of the stock and bond manipulators of Wall street, and the attempt, dishonestly and by misrepresentation, to float all manner of enterprises upon a sea of water. These are the things which have been mostly, if not entirely, responsible for the present financial stringency, and it is only the unparalleled prosperity, distributed among the masses, that saved us from financial ruin.

Our banking laws need to be amended so as to afford better protection to the depositor. The large trust companies and corporations doing an interstate business should be placed under Federal supervision and subject to Federal laws, and if there be no authority for this under the present Constitution, then the Constitution should be amended so as to grant such power.

I suggest that the Legislature appoint a committee to investigate the methods of doing banking business in this State, and to report thereon at the next regular session, together with such recommendations and changes in the law as such committee may deem necessary.

To-day our banks have large balances due them from the East, amounting to millions of dollars, which have accumulated there by reason of the movement of our crops to that market. Most of this money should, in the due course of business, have been paid by this time, but because of the financial conditions existing in New York and other Eastern cities, our bankers are unable to secure the balances due them, payment having been temporarily refused.

This, together with the fact that for several months large sums have been withdrawn from the banks and hoarded, had greatly depleted the cash reserve which the banks usually carry, and with which the business of our State is carried on. The effect is that money can not be secured with which to pay the first installment of taxes without reducing the reserves to such an extent as to seriously imperil our financial, commercial and industrial interests, thereby jeopardizing the business of the State. In fact, many who have depended upon the banks to supply money to pay taxes can not pay their taxes at all. Unless some relief is granted the delinquent list will be large, and many of our citizens will suffer a heavy penalty, and so much money will be taken out of circulation at a time when none can be spared as to threaten the very business prosperity of the people. This relief can come by enacting a law authorizing the Governor, during a great financial stringency, to issue a proclamation extending the payment of taxes for a short period of time. Such a bill will be presented to you for your consideration and I desire you to give it your most earnest attention.

The financial conditions have been such that it was necessary to declare legal holidays in order to protect our business interests. Other states for the same reason have also declared holidays. While it has been necessary and wise to declare them, still the business of the courts has suffered and there has resulted loss and great inconvenience to many of our citizens. It is possible to declare holidays to protect our financial and commercial interests and still leave the courts open to dispatch a large variety of necessary business. Therefore the law should be amended so that during holidays declared by a proclamation issued by the Governor the courts may remain open for the prosecution of all criminal actions and proceedings, to conclude any action pending and on trial; in all suits for injunctions; to quiet title to real property; for partition, condemnation proceedings, forcible entry and detainer or unlawful detainer; replevin; ejectment; divorce, probating of estates of deceased persons, and many other matters not necessary to mention.

This change of our laws I deem very necessary, and I trust the Legislature will pass suitable legislation to that end. The law as it now applies to regular and fixed holidays should remain as it is, the change being made only in reference to what may be termed special holidays declared by the Governor's proclamation.

Several proposed amendments to the charter of the City and County of San Francisco, which were ratified by the qualified electors of said city at a recent election held therein, will be submitted to you for your approval. One of such amendments is of particular importance to the city, and relates to the issuance and sale of bonds for municipal improvements, and in view of the great need of such improvements in San Francisco, it is very important that this amendment should be approved by the Legislature.

Among these improvements of which San Francisco is urgently in need are: an auxiliary water system for fire protection and for sanitary and flushing purposes; construction and repair of its sewer system; the construction of a city and county hospital, the repaving of accepted streets; the reconstruction of school houses destroyed by fire and earthquake; the construction of a new City Hall, Hall of Justice, and other public buildings. The estimated cost of these improvements amounts to about \$28,000,000, and the money to build the same must be raised by a bond issue. The necessity for making these improvements alone is sufficient to warrant the calling of an extra session of the Legislature, and I apprehend that there will be no doubt in your minds about approving this amendment as well as several others which will be submitted to you.

At the last general State election A. M. Wilson of San Francisco was elected to the office of Railroad Commissioner from the Second District. Mr. Wilson has, on several occasions, confessed to having received bribes while a public officer, and to-day an indictment stands against him for committing the very crime for which he stands confessed. The Constitution provides that the Legislature may, by a two-thirds vote, remove a Railroad Commissioner for dereliction of duty, or corruption, or incompetency. In the proclamation convening this special session, your attention has been called to Mr. Wilson. He is charged therein with corruption and incompetency, and you are requested to investigate the charges. The procedure is left to you, and I have performed my duty by calling your attention to the matter and requesting an investigation at your hands. I feel confident that if you find the charges to be true you will have no hesitancy in pronouncing a proper verdict.

I trust that you will take up as speedily as possible the several matters set forth in the proclamation calling this special session, and act upon the same. It is very

desirable that the session should not continue longer than is necessary and that every effort be made to keep down expenses to the minimum.

J. N. GILLETT,
Governor of California.

SECTION 10 The bonds issued under the provisions of this article shall be of such form as the Supervisors in the ordinance calling the election therefor shall determine; but such bonds shall be payable, interest and principal, in gold coin of the United States. The interest on such bonds shall not exceed 5 per cent per annum, and they shall be redeemed at such times and in such amounts as the

Supervisors shall determine, as set forth in the ordinance calling the special election; *provided*, that redemption of such bonds shall begin in not more than eighteen years and shall be completed in not more than seventy-five years from the date of the issue.

The bonds so issued shall be exempt from all taxation for municipal purposes and shall be issued in denominations of not less than ten dollars and not more than one thousand dollars, and preference in the sale and allotment thereof shall be given to subscribers for the smallest amounts and the lowest denominations.

The Supervisors shall fix the times and places at which the payment of interest or principal may be made.

Such bonds when issued may be sold by the Supervisors from time to time, as required, and in such quantities as they may determine. When such bonds are offered for sale they shall be advertised in the official paper and otherwise if so ordered by the Supervisors and sealed proposals for the purchase of the whole or any part thereof offered shall be opened at the time specified in such advertisements. All proposals for the purchase of such bonds shall be accompanied by a deposit of 5 per cent of the amount bid in lawful money of the United States or by a deposit of a certified check payable to the Clerk of the Board of Supervisors of the City and County for a like sum, *provided* that no deposit need exceed the sum of ten thousand dollars, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted. Bonds shall be sold to the highest bidder for not less than par, but the Supervisors shall have the right to reject any or all bids made for the purchase thereof. If less than the amount of bonds offered shall be sold, the Supervisors may, with the concurrence of fourteen members and the Mayor, place such unsold bonds on sale at the City Treasury, or at branches thereof established by the Treasurer for public convenience; and such bonds may be sold to any applicant at such prices as may be fixed by the Supervisors, *provided* that such prices shall not be less than par and accrued interest.

The proceeds of any sale of bonds shall be placed in the treasury to the credit of the proper fund, and shall be applied exclusively to the purposes and objects mentioned in the ordinance authorizing their issue until such objects are fully accomplished; after which, if any surplus remains, such surplus may be transferred to the general fund, except that if such surplus exceeds the sum of two thousand dollars, then such surplus and the whole thereof shall be transferred to the appropriate fund or funds to pay the interest and maintain the sinking fund or provide for the retirement of the bonded indebtedness in connection with which such surplus remains.

If the bonds or any of them offered for sale shall remain unsold the Supervisors may so declare, and may, with the concurrence of fourteen members and the Mayor, cancel such unsold bonds, *provided* that no bonds shall be canceled as aforesaid unless the same have been offered for sale by advertisement, as above provided, at least three separate times at intervals of not less than thirty days, and *provided* that no such bonds shall be canceled by the Supervisors as aforesaid for which par or above has been bid by any bona fide responsible bidder or bidders.

Thereafter, and from time to time, any such bond may be transferred by such registered owner in person, or by attorney duly authorized on presentation of such bond to Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon. (Date—giving month, year and day.)

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of ——— (here insert name of owner), and the interest and principal thereof are hereafter payable to such owner.

At the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds and also such part of the bonded municipal indebtedness as will fall due within the succeeding fiscal year, and as may be necessary to provide for the sinking fund payments of the next succeeding fiscal year, *provided* that when the interest and sinking fund payments for any fiscal year on the bonds issued for any public utility can be met out of the surplus earnings of such public utility for the preceding fiscal year, no tax shall be levied for such purpose. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

That Section 29 of Article XVI of the Charter be amended to read as follows.

SECTION 29. When the Supervisors shall determine that the public interest requires the acquisition of any land or lands or the construction or acquisition of any permanent building or buildings, improvement or improvements, the cost of which, in addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, they must, by ordinance, submit a proposition or propositions to incur a bonded indebtedness for such purpose or purposes to the electors of the City and County at a special election to be held for that purpose only. All provisions of this Charter, as the same shall read at the time of submitting such propositions to the electors, providing for the acquisition of public utilities, so far as the same are applicable, shall apply to the manner of submitting such proposition or propositions, to the issuance, character and registration of said bonds and to the time when, and the kind of money in which said bonded indebtedness shall be payable.

The proceeds of any sale of bonds shall be placed in the Treasury to the credit of the proper fund and shall be applied exclusively to the purposes and objects mentioned in the ordinance authorizing their issuance until such objects are fully accomplished, after which, if any surplus remains, such surplus may be transferred to the general fund, except that if such fund exceeds the sum of two thousand dollars then such surplus and the whole thereof shall be transferred to the appropriate fund or funds to pay the interest and maintain the sinking fund or provide for the retirement of the bonded indebtedness in connection with which such surplus remains.

That Section 2 of Chapter III of Article IV of said Charter be amended to read as follows:

SECTION 2. The Treasurer shall receive and safely keep all moneys which shall be paid into the treasury. Except as hereinafter provided, he shall not lend, exchange, use nor deposit the same or any part thereof, to or with any bank, banker or person, nor pay out any part of such moneys, nor allow the same to pass out of his personal custody, except upon demands authorized by law or this Charter, and after they shall have been approved by the Auditor. At the close of business each day, he shall take an account of and enter in the proper book the exact amount of money on hand. At the end of every month he shall make out and file with the Mayor and publish quarterly in the official newspaper a statement of the condition of the treasury, showing the amounts of receipts into and payments from the treasury, and on what account, and out of what fund. If he violate any of the provisions of this section, he shall be guilty of misconduct in office, and be liable to removal therefrom, and be proceeded against accordingly. He shall keep the accounts belonging to each fund separate and distinct, and shall in no case pay demands chargeable against one fund out of moneys belonging to another. He shall be in personal attendance at his office each day during office hours. No fees of any kind shall be retained by him, but the same, from whatever source received or derived, shall be paid by him into the treasury.

All moneys paid into the treasury of the City and County may be deposited by the Treasurer, upon the written consent of the Mayor, in any licensed national bank or banks, within this State, or in any bank, banks or corporations authorized and licensed to do a banking business, and organized under the laws of this State, *provided* that such bank or banks in which such moneys are deposited shall furnish as security for such deposits, bonds of the United States or of this State, or of any County, Municipality or School District within this State, approved by the Treasurer and the City Attorney. The market value of the bonds furnished as security, shall be at least 10 per cent in excess of the amount of the deposit secured thereby, but the amount of the deposit shall in no case exceed the face value of the bonds furnished as security therefor. *And provided* that such bank or banks shall pay a reasonable rate of interest, not less than 2 per cent per annum, on the daily balances therein deposited.

The rate of interest shall be fixed annually as herein provided in the month of January of each year on all deposits to be made for such year; *provided*, that the rate of interest for the year ending December 31st, 1907, may be fixed as herein provided within ten days after this section goes into effect. The rate of interest shall be fixed by the Treasurer, the Auditor and the Mayor, and the same reported in writing to the Board of Supervisors immediately. Said rate of interest shall be a reasonable rate and not less than 2 per cent per annum on the daily balances deposited; and the rate of interest so established for each year as herein provided,

shall be the uniform rate of interest required from all banks receiving deposits from the City and County for that year. Interest on all moneys deposited as herein provided for shall belong to the City and County and shall be paid quarterly into the general fund of the City and County except where the law or this Charter otherwise directs.

It shall be the duty of the Treasurer to receive from the bank in which the deposit is made, a receipt or receipts in duplicate, showing the date and amount of deposit and rate of interest to be paid thereon, one copy of which said Treasurer shall keep on file in his office and he shall file one copy with the Auditor.

The Treasurer shall keep a record in his office, which shall be open to public inspection, showing at all times the amount of money on deposit in all banks in which the same is deposited, and dates of deposit, also a record of all banks making application for the deposit of the public funds.

The total amount of public moneys on deposit in any bank shall not at any time exceed 50 per cent of the paid-up capital stock of such depository bank or banks. The Treasurer shall not have on deposit at any one time more than 10 per cent of the public moneys under his control and available for deposit in any bank while there are other qualified banks requesting such deposits, *provided*, that the Treasurer shall not be required to deposit public moneys in any bank outside of the City and County.

The receipt by any bank for deposits made therein, together with the bonds held as security therefor, shall be held by the Treasurer and be recognized and counted as cash to the amount recited in the receipt by the officers required by law to count the same.

Deposits, with interest thereon, shall be subject to withdrawal on demand of the Treasurer, conjointly with that of the Mayor, and any bank receiving the deposit of public moneys, may, at any time, return the same to the Treasurer, together with interest to date of return, and it shall be the duty of the Treasurer, upon receiving the return of such deposit, to immediately return to such bank all bonds held as security for the deposit returned. When the Treasurer withdraws his deposit, he shall return, on the demand of the bank, such bonds as were held as security for the deposit or portion thereof withdrawn.

Should any bank fail to pay any public moneys held on deposit as herein provided, the Treasurer (with the written consent of the Mayor) may, after ten days' written notice to such bank, proceed to sell at public or private sale such of the bonds held by him as security as he may see fit, *provided, however*, that he shall sell no bonds for less than their face value except at public sale, after ten days' printed notice in the official newspaper. The proceeds of such sale, after paying all expenses, shall be credited to the account of the bank, which deposits the bonds as collateral. Any bank failing to make payment may, at any time before the sale of the bonds is completed, stop such sale by repaying all the moneys deposited with it, together with any expense that may have been incurred by the Treasurer as the result of such failure. Should the proceeds of any such sale fail to fully repay any deposit, the balance remaining unpaid may be collected in an action at law in the name of the City and County.

The Treasurer shall not be responsible for any loss of public moneys resulting from the deposit thereof when made in accordance with the provisions of this act. It shall be the duty of the Treasurer to safely keep all evidence of indebtedness issued by banks for deposits made therein and bonds deposited as security and the Treasurer shall be responsible for such evidence of indebtedness and for bonds held as security therefor, together with the interest thereon and the proceeds of any sale of such bonds and the Treasurer shall be responsible to such bank for the safe return of the securities furnished by it to the Treasurer.

The expenses of transportation of moneys to or from the Treasury to such depositories shall be borne by such depositories.

Nothing in this section contained shall prevent the City and County from buying bonds or otherwise investing its money in any manner now provided by law or this Charter and nothing herein contained as to the disposition of interest and public moneys deposited shall apply to any money received or held by the City and County wherein any law or this Charter provides for the payment of interest or profit thereon into any particular fund.

SENATE CONCURRENT RESOLUTION No. 2.

WHEREAS, Within the past month a condition of financial embarrassment has prevailed among the banks and banking houses doing business in the State of California, notwithstanding the fact that the people of this State in every walk of life have been particularly prosperous; and

WHEREAS, The said financial embarrassment of said banks and banking houses has resulted in widespread dissatisfaction among all classes and further resulted in a succession of holidays declared by the Governor, the result of which has been great inconvenience and injury to many business interests other than banking; and has impeded the progress of the courts in the disposition of all business, civil, criminal and probate, that was pending in said courts at the time of and during such holidays; and

WHEREAS, It is the opinion of many that the financial condition, as now existing, is attributable largely to the imperfection of the laws of the State of California governing banks and banking and trust companies and in the manner of conducting said business; and

WHEREAS, It is apparent to all that our banking and trust laws need to be amended so as to afford better protection to the depositor and the business world. Now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly concurring, That a committee to consist of three Senators and three members of the Assembly be appointed by the President of the Senate and the Speaker respectively for the purpose of investigating into the business methods employed generally by the banks and banking houses in the State of California and to ascertain the average total cash on hand earned in proportion to the total deposits, the proportion to deposits loaned by such banks and banking houses outside of the State of California, the terms and average rate of interest on such loans and generally with other and such further information as will enable such committee to make a full and comprehensive report as to the methods of banking business usually employed by such banks and banking houses to the end that laws may be enacted that will or may in some degree prevent a recurrence of such conditions of financial embarrassment as exists at this time in this State.

That said committee be and it is hereby empowered to administer oaths and issue all necessary subpoenas directed to persons residing in this State, to appear before such committee at a time and place to be named therein, and such person so served, is required to appear and testify before such committee as to all matters and things which he may be examined upon, bearing upon the subject-matter of this resolution and such person shall be required to produce and submit to the inspection and examination by such committee of all books, papers and documents as may be in his possession or control.

That such committee shall have and is hereby given power and authority to incur all necessary expenses to enable it to perform the duties herein specified and that it make its report in writing to the Governor and the Legislature next to meet, and in such report it make such recommendations and prepare such laws as will carry out the purposes contemplated by these resolutions.

That the expenses to be incurred under authority of this resolution shall not exceed, in the aggregate, the sum of five thousand dollars (\$5,000), and such amount shall be payable one-half out of the contingent fund of the Assembly and one-half out of the contingent fund of the Senate. SENATE CHAMBER, SACRAMENTO, November 21, 1907.

MR. PRE-IDENT: As a member of your Committee on Judiciary, to whom was referred Senate Bills Nos. 1, 2, 3, 4, 8, 9, and 10, I must decline to join in a unanimous recommendation for the passage of the proposed committee substitute for said bills, and so do on the ground that article six, section five, of the Constitution of this State prohibits the transaction of judicial business on legal holidays and non-judicial days, excepting that writs of prohibition and injunction may be issued on such days, and I am therefore firmly of the opinion that, excepting for issuance of said writs, it is not in the legitimate or constitutional power of this Legislature to enact a law authorizing the courts to transact judicial business on legal holidays and non-judicial days.

WHEREAS, The members of the Senate coming from distant parts of the great State of California and representing as citizens many of the great business interests of the State, have during the present extra session had unusual and extraordinary opportunities to obtain thoroughly reliable and ample information as to the financial condition of the banking and business interest of the State; and

WHEREAS, Such information discloses that the business institutions of the State are sound and on a basis which warrants the immediate return of confidence among the people, and the assurance of the resumption of great business activity and prosperity throughout the entire commonwealth. Now, therefore, be it

Resolved, That the Senate extend its congratulations to the people of California upon the general stability and soundness of our financial institutions and upon the unmistakable evidence of a speedy return of that sanity and common sense and confidence which is characteristic of the people of this State. And further be it

Resolved, That we commend Governor Gillett for the wise and beneficent executive measures with which he has met the exigencies of the very extraordinary conditions which have existed lately as well in California as elsewhere, and which has enabled the business men of our State safely to emerge from the period of apparently unnecessary financial stringency

MOTION.

Senator Belshaw moved that the President's letter to Secretary Cortelyou, as printed in the San Francisco Chronicle of Monday, November 18, 1907, be printed in full in the Journal.

Motion carried.

THE PRESIDENT'S LETTER TO SECRETARY CORTELYOU.

THE WHITE HOUSE, WASHINGTON, November 17, 1907.

MY DEAR MR. CORTELYOU: I have considered your proposal. I approve of the issue of the \$50,000,000 of Panama bonds, which will be immediately available as

the basis for additional currency. I also approve the issue of \$100,000,000, or so much as you may find necessary of \$50 three per cent interest-bearing Government notes, the proceeds of the sale of which can be at once deposited by you where the greatest need exists, and especially in the West and South, where the crops have to be moved. I have assurance that the leaders of Congress are considering a currency bill which will meet in permanent fashion the needs of the situation, and which, I believe, will be passed at an early date after Congress convenes two weeks hence.

What is most needed just now is that our citizens should realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to get into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks. There is no particle of risk involved in letting business take its natural course, and the people can help themselves and the country most by putting back into active circulation the money they are hoarding. The banks and trust companies are solvent. There is more currency in the country to-day than there was a month ago, when the supply was ample. Since then \$55,000,000 in gold has been imported and the Government has deposited \$60,000,000. These are facts; and I appeal to the public to co-operate with us in restoring normal business conditions. The Government will see that the people do not suffer if only the people themselves will act in a normal way. Crops are good and business conditions are sound, and we should put the money we have into circulation at once to meet the needs of our abounding prosperity.

There is no analogy at all with the way things were in 1893. On November 30th of that year there was in the Treasury but \$161,000,000 in gold. On November 14th of this year there was in the Treasury \$904,000,000 gold. Ten years ago the circulation per capita was \$23.23. It is now \$33.35. The steps that you now take, the ability of the Government to back them up, and the fact that not a particle of risk is involved therein, give the fullest guarantees of the sound condition of our people and the sound condition of our Treasury.

All that our people have to do now is to go ahead with their normal business in a normal fashion, and the whole difficulty disappears; and this end will be achieved if each man will act as he normally does act, and as the real condition of the country's business fully warrants his now acting.

Sincerely yours,

THEODORE ROOSEVELT.

Upon receipt of President Roosevelt's letter of approval the following statement was issued by the Secretary of the Treasury:

"The available cash balance of the Treasury, amounting to \$240,156,431, is, with the exception of a small working balance, now on deposit in national banks in every state and territory in the Union, thus placing it where it can serve the needs of the people so far as possible under existing laws.

"The Secretary of the Treasury, with the approval of the President, has announced an issue of Panama bonds to the extent of \$50,000,000. He has also, with the approval of the President, availed himself of certain provisions of the law applying to the transactions of the Treasury in times of emergency. These provisions are contained in Section 32 of the Act of June 13, 1898, authorizing the issuance of interest-bearing certificates of indebtedness to run for one year. Certificates bearing 3 per cent interest will be issued to the extent, if necessary, of \$100,000,000.

"The Panama bonds will serve as a measure of most substantial relief, for among other things the law expressly provides that they may be used as a basis for additional national bank circulation.

"The proceeds of the sale of certificates provided for under the above section can be deposited almost simultaneously with the purchase upon approved security. They can be made directly available at points where the need is most urgent and especially for the movement of the crop, which, if properly accelerated, will give the greatest relief and result in the most immediate financial returns. The acceptance of subscriptions by the Secretary of the Treasury will be made with special reference to such use. Both the bonds and certificates are attractive as absolutely safe investments.

"These measures will, among other things, enable the Secretary of the Treasury to meet public expenditures without withdrawing for that purpose any appreciable amount of public moneys now deposited in national banks throughout the country."
